EDUCATION

B.Sc Computer Science

Kammavar Sangam College of Arts & Science - July 2017 - Mar-2020

WORK HISTORY

Unity Technologies - Nov 2023 - Present

- Developed a scalable HRMS web application for HR, project managers, and employees using React.js, Redux Toolkit, and Bootstrap, enabling efficient task, project, and attendance management.
- Built responsive, user-friendly interfaces with reusable components and modular architecture, ensuring cross-browser compatibility and consistent UI/UX standards.
- Optimized front-end performance through code splitting, lazy loading, and debounce techniques, improving load times and overall user experience.

Ocean softwares - Dec 2022 - Sept 2023

- Produced responsive web applications using HTML, CSS, Bootstrap, JavaScript, and React.js.
- Worked closely with cross-functional teams to design UI/UX and optimize websites for SEO and performance.
- Built e-commerce app with Laravel, implementing product catalog, shopping cart, and checkout features.

OxSoftwares private limited - Oct 2021 - Dec 2022

- Developed and customized web application themes and components, implementing responsive designs and reusable UI elements.
- Optimized front-end performance and ensured cross-browser compatibility.
